() or [] — contains explanatory remarks.

colon (:) — the number(s) given after a colon at the end of a row denote(s) the number of stitches you should have on that row.

right vs. wrong side — On the finished piece, the right side of your work is the side that the public will see.

GAUGE

Gauge is a measurement of the number of stitches and rows in a 4" (10 cm) square piece in the pattern you're working. Finding the exact gauge is not important for this pattern as the Scarf can be a little larger or smaller without changing the overall effect.
